

System Operations Security

Airline Dispatchers' Symposium

By: Brain Throop, Manager, Tactical Operations Security

For Official Use Only (FOUO)

Federal Aviation
Administration

Sys Ops Security Briefing

- **Overview of the AJR-2 organization**
- **Domestic Events Network (DEN)**
- **National Capitol Region Coordination Center (NCRCC)**
- **Temporary Flight Restrictions (TFR)**

System Operations Security

Who we are and what we do

- **SOS was created to be the Nexus between operational intelligence and the NAS.**
 - Post 9/11, most of FAA's security and intelligence staff was transferred to TSA.
 - ATC remains the front line of the National Airspace System (NAS).
 - **The FAA continues to be the sole authority for airspace management, air traffic regulatory authority, and use of airspace.**
- **Balance the needs of National Security with the demands of the aviation industry...“It's the economy...”**
 - Domestic Events Network (DEN)
 - National Capitol Region Coordination Center (NCRCC)
 - Temporary Flights Restrictions (TFRs)
 - Presidential, NSSEs, Disasters, Security
 - Classified Aviation Programs
 - Air Defense Sector Liaisons
 - Special Use Airspace
 - DOT/FAA Crisis Response

System Operations Security Organization

- **Strategic Operations Security**
 - Continuity of Operation/Continuity of Government plans.
 - DOT/FAA Emergency Operations and Crisis Response.
 - National Strategy for Aviation Security
- **Tactical Operations Security**
 - Real-time management of airspace security.
 - Air Traffic Security Coordinators.
 - Continuity of Operation/Continuity of Government execution.
- **Special Operations Security**
 - Military airspace schedules.
 - Liaisons to Air Defense Sectors, CONR and NORAD.
 - Classified operation plans and programs.
 - Presidential airspace restrictions and aircraft itineraries.

Domestic Events Network (DEN)

- **24/7 unclassified interagency telephonic conference dedicated to real time coordination of air security issues.**
- **Established on the morning of 9/11.**
- **Over 100 participants:**
 - All major ATC facilities,
 - All air defense sectors,
 - Military, Federal and Local agencies,
 - All concerned with air security matters.

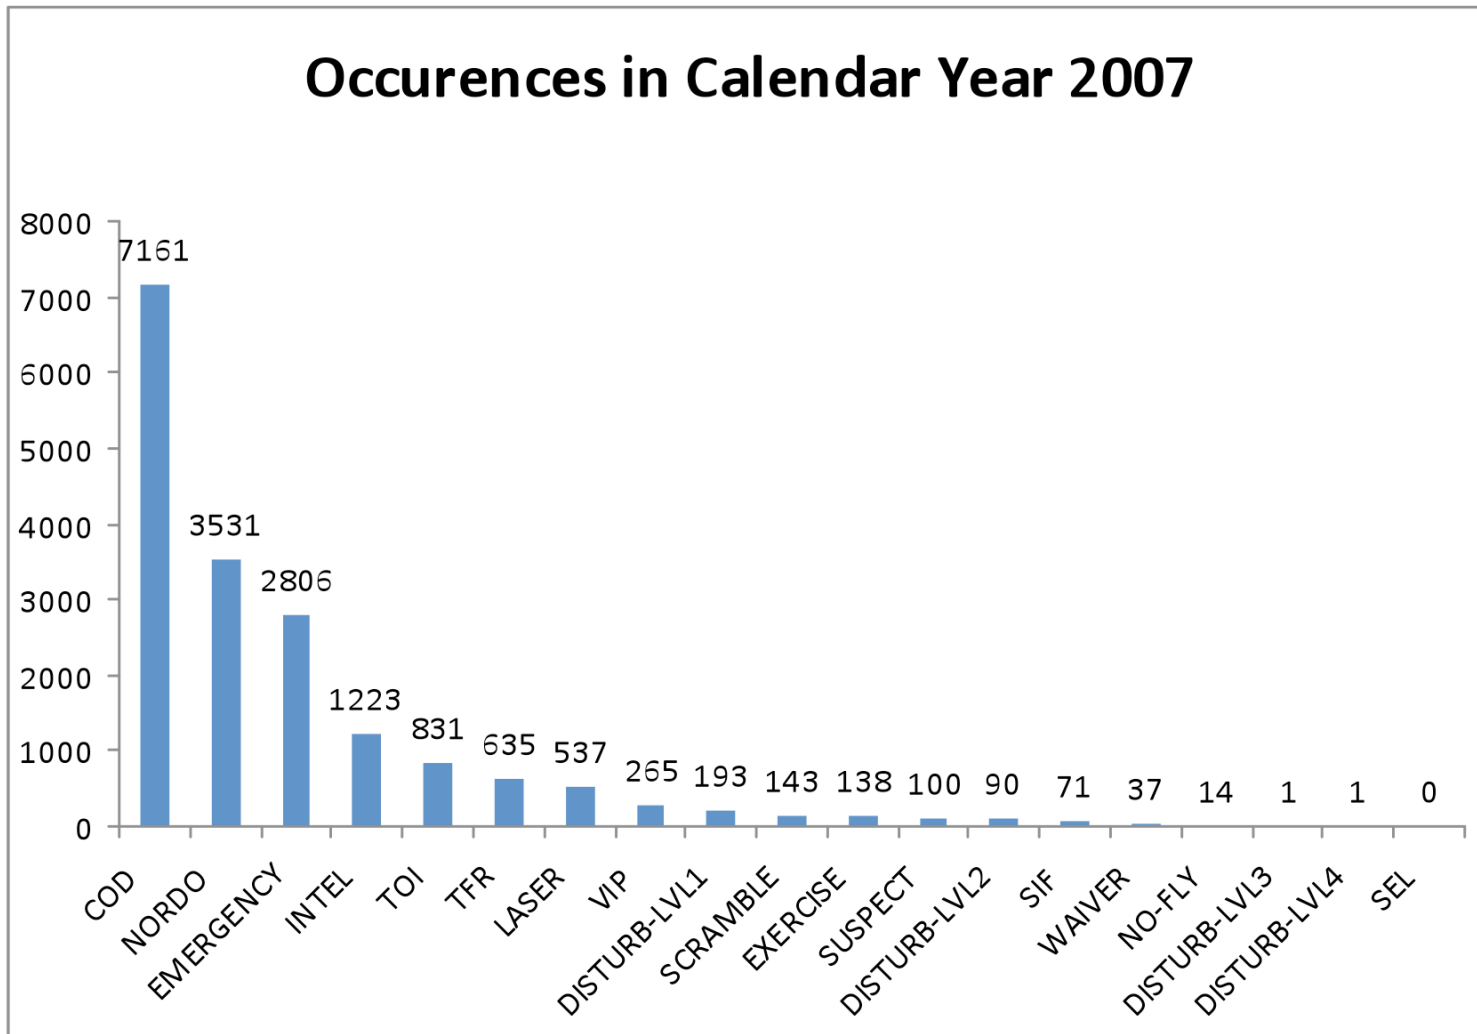

The DEN

- **The DEN provides accurate and timely information sharing.**
- **DEN participants respond according to their mission.**
 - Law Enforcement (Local, State and Federal)
 - Protective Agencies
 - DOD
 - DHS/TSA
 - DOT
 - User Community
 - Airlines
 - NBAA
 - AOPA

DEN Statistics

The DEN

- **What to Share**
 - Disruptive Passengers
 - Security Anomalies
 - Suspicious Activities
 - Unusual Aircraft Activities
- **Why**
 - A piece to the puzzle
 - The more involved you are, the better the outcome will be for you, your company, the Aviation System and the World

National Capitol Region Coordination Center (NCRCC)

**24/7 interagency facility
monitoring and coordinating the
air security of the National
Capitol Region:**

- FAA
- DHS (TSA, USSS, CBP, USCG)
- FBI
- US Capitol & DC Metro Police
- DOD (NEADS, JADOC)
